

## Start your engineering career in Germany!

### You are in your final year in engineering studies?

After graduation, take part in the 11-months program **SaarIng** including:

- Qualified work position combined with additional studies at htw saar (a partner university of Universidade de Vigo)
- A monthly salary of about 950 -1000 €
- No commission or program cost for you

### Your benefits!

- Gather qualified work experience and intercultural competence abroad
- Learn German, get training in additional subjects & receive a certificate "Technisches Projektmanagement"
- Opportunity to receive a permanent employment contract after the program

## Program 2015

- Location: Saarbrücken

**The next project cycle starts in 2015  
Don't miss your chance!**
